QUTB, Sayed. *Milestones*. Islamic Book Service, India, 2006. This treatise on political Islam is helpful in understanding the mindset of violent Muslim Jihadists in today's world. Qutb (1906-1966) was an Egyptian novelist and literature teacher who received a western-style education and even earning his Master's Degree in Education in the United States, where he lived from 1948-1950. At least partially due to Qutb's experience living in the United States, he developed an anti-western anti-modernization attitude. Qutb became heavily involved with the conservative Muslim Brotherhood upon his return to Egypt. After the attempted assassination of Egyptian President Nasser in 1954 by Muslim Brotherhood operatives, a number of Muslim Brotherhood leaders, including Sayyid Qutb, were imprisoned. While in prison Qutb wrote a 30-volume series on his interpretation of the Quran, "In The Shade of the Quran", as well as this book, "Milestones". If you're wondering how it became vital to many Jihadi factions in the modern age, After Qutb was hanged for subversion in 1966, his brother Muhammed Qutb went to Saudi Arabia, where he taught Islamic Studies. Among his students was Ayman Zawahiri, teacher of Osama Bin Laden.

----Works Defending Zionism Against Left & Right Extremes-----

(i.e. against Post-Zionism, Israeli Historical Revisionism, Jewish Fundamentalism)*

* Some of these books are considered seminal yet controversial (we leave it to the reader to judge whether they are biased or not)

**The Jews who side for the Palestinians and portray Israel as the occupier of Arab lands are a living testimony to the reality of Free Speech in the land of Israel. Many of these authors hold to a secular worldview and believe the Hebrew Scriptures are myth invented in Israel’s early days. Their political bent is liberal affects their view of Jewish history, as they insist Israel has no special divine calling or international role to play other than that which can be imagined and designed by man. In their opinion, God has no influence in the history of the Jewish people and Israel. They condemn all forms of religious violence, but offer no solution to the human problem of anti-Semitism and terrorism. They adhere to the historical revisionist movement in Israel. Having turned their backs against God, can they perceive His hand and timing on history? They exemplify the saying that one’s worst enemy is oneself (in this case, a Jew’s worst enemy is Jewish). Consider the ten Israelite spies who, out of fear and not believing that God was granting them the land of Canaan he had promised to them, argued against taking it. Then, when divine sanction postponed the promise due to their unbelief, they lead the Israelites to enter prematurely and suffered humiliation and defeat. They died in the wilderness and never entered the Promised Land, but the faithful generation did 40 years later. Who can oppose what God has determined, whether for blessing or for judgment? In the days prior to the Babylonian exile, when God was determined to bring judgment on His rebellious people, many false prophets came forward and cried “Peace, peace” though God by His prophets forewarned them of coming war and destruction. As modern advocates of false peace (ex: Peace Now Movement), these authors will even join the cause of terrorists to ingratiate themselves with the world, thinking to restore Jewish favor before the nations. They condemn all forms of religious violence, but offer no solution to the problems of rising anti-Semitism (anti-Zionism), media bias against Israel and international terrorism. Through excessive self-criticism/hatred, they bend backwards to convince the terrorist enemy that their cause is heard and just, in spineless ignorance of the consequences. Meanwhile, the duplicitous aims of the terrorist enemy remain the same. Though they pay lip service with return peace promises, they continue to incite men, women and children to hatred and genocide of the Jews while advocating the total annihilation of the nation of Israel. The Scriptures show that peace and unity among all nations will never exist except through Yeshua, His Anointed. He is the Messiah who alone can make true peace, which will eventually over-ride the lies of false appeasement based on politically correct notions of tolerance and brotherhood.

---United Nations and European Bias ---

YE'OR, Bat. *Eurabia: The Euro-Arab Axis.* Fairleigh Dickinson University Press. 2005. This book is about the transformation of Europe into “Eurabia,” a cultural and political appendage of the Arab/Muslim world. Eurabia is fundamentally anti-Christian, anti-Western, anti-American, and antisemitic. The institution responsible for this transformation, and that continues to propagate its ideological message, is the Euro-Arab Dialogue, developed by European and Arab politicians and intellectuals over the past thirty years.
